\$90.47 on \$2,000

## Check into a computer for your family

**A** computer is a perfect purchase the whole family can enjoy. Through the end of this year, Resource Federal is encouraging our members to check out the world of computing with a special promotion that will make it easier to afford one.

✓ With your computer, you can visit us at [www.resourcefcu.com](http://www.resourcefcu.com) to balance your checkbook, transfer funds or pay bills with our on-line

bill pay service.

✓ Your children can use the computer for homework or to research papers.

✓ Software programs offer everything from games to researching your family's genealogy.

If you are unfamiliar about computers, check out the inexpensive classes offered by Jackson Recreation and Parks at 425-8382.

# October: Family Month at the credit union

**W**e'd like for you to encourage your other family members to join Resource Federal Credit Union so they can enjoy the same benefits that you do. That's why we're making October Family Month at Resource Federal.

For every account you open for your mother, father, children, grandchildren, siblings or other family members, we will put your name into a weekly drawing for a \$25 gift certificate. The certificates will be for one of our restaurant sponsor companies.

This is a perfect time to look at the banking and credit needs of your family. For example...

- Does your young child need a bank

## Christmas Club accounts

Our Christmas Club accounts are not just for buying Christmas presents. They're just a great way to save money a little at a time all year long. You can start saving each year on Nov. 1 and pull out your money a year later on Nov. 1. Then you'll have extra money for everything from holiday gifts to paying your year-end property taxes.

We'll have a drawing each week in October for a \$25 gift certificate to one of our restaurant sponsor companies...

- Week 1: O'Charley's
- Week 2: Red Lobster
- Week 3: Backyard BBQ
- Week 4: O'Charley's

account to start learning about saving money? Our Scottie Savers accounts only require \$5 to open and the child's Social Security number. The child will earn 1.5 percent interest and receive a quarterly statement to chart his or her savings.

- Does your older child need a credit card as he or she goes off to college or get started on their own? Through your credit union, you can co-sign for a VISA card in your child's name and set the limit on what he or she

can spend. Our VISA cards have no annual fee and low interest rates.

- Is it time to convert money in another family member's bank savings account into a higher-earning CD? Resource Federal offers higher interest rates than most other financial institutions. You need only \$500 to open a CD.
